Safety Opportunities

Safety Opportunities:

- Prohibited work basket of Forklifts to dispose.
- The marked footpath was not free.
- The hose to the Rakel (explosion zone) was non inductive.
(Plastic > 3 cm diameter)
- At slitter No. 706 is the lid broken by the electric box.
- The Disposal of waste roll in the container is dangerous. (Slip, fall, overload spine, etc.), > New process, new container.

Safety

Scapa Switzerland had visited by XL Insurance and HSBC Insurance. They reviewed the last open issues and made a tour of the factory. We discuss suggestions for improvement. Feedback: Scapa (Switzerland) has significantly improved and is on a good standard.

Health

The pandemic seems to be over. In Switzerland, there were approximately 13,500 patients and 18 deaths. Thanks to the prevention of Scapa Switzerland had no pandemic disease.
