Safety Opportunities

Comments (February)

We had 6 near miss incidents which were added to the IRMS system and 4 minor accidents which were also added to the IRMS system. Our best practice this month was the replacement of all worn anti fatigue mats in the production area.

The 126 safety opportunitites were based on:

- 31 Spot the Hazard submissions
- 13 Joint Health & safety monthly audit items
- 76 Senior management audit items
- 6 Near miss incidents reported on IRMS
